Fans of the Avengers and the Marvel Cinematic Universe can assemble at the Yorkdale Shopping Centre for an exhibit set to launch soon.

Avengers S.T.A.T.I.O.N. will include history, science, genetics and technology of Marvel and the profiles of legendary Marvel profiles of Iron Man, Black Widow, Hulk, Thor and plenty more.

This exhibit has been featured across the world in London, Seoul, Paris, Singapore, Beijing and India. Now, it's set to have its Canadian debut in Toronto.

"We are so proud to bring this award-winning experience to Canada, at a time when we need it most for people to experience joy," said Justin Paquin of Paquin Entertainment Group.

Visitors are expected to have space to remain safe and socially distanced in the venue, expected to exceed 25,000 square feet, at Yorkdale.

"We look forward to opening this awesome exhibit in the near future," said Paquin.
