Marvel superhero fans will have the chance to experience their favorite crime fighters in person this summer. Cityneon and Paquin Entertainment Group have scheduled the world premiere of Marvel Avengers Station: Evolution this summer at Grandscape in The Colony , just north of downtown Dallas, the group announced on Tuesday, April 19.

"This immersive superhero experience is going to be bigger and better," says Ron Tan, Executive Chairman and Group CEO of Cityneon Holdings in a [news release](#). "After impressing global audiences with our award-winning experience, Marvel Avengers S.T.A.T.I.O.N., we are confident that we will delight even more visitors with this brand-new, upgraded super hero experience, Marvel Avengers Station: Evolution, coming to our friends in Dallas this summer."

Marvel Avengers S.T.A.T.I.O.N. made its debut in New York in July 2014 and has showcased the Avengers worldwide in 13 countries and 25 cities including Paris, London, and Las Vegas. The exhibit has attracted millions of fans by allowing them to experience the Marvel Cinematic Universe (MCU) through the exhibit, according to a news release. For the first time, the experience will reflect key moments from all four phases of the MCU, including *WandaVision*, *The Falcon and The Winter Soldier*, *Black Widow* and more.

The exhibit will have seven segments that guests can journey through the "high-energy facility." Guests can explore their favorite characters, discover weapons, vehicles and technologies of the Avengers, learn inspiring real-world science and interactive challenges and simulations. Fans will get the chance to see original costumes, props, and film footage while being surrounded by the landscapes and worlds where the stories took place.

"We are thrilled to launch the world premiere in Dallas where families will be amazed and entertained as they are immersed in an experience that is unlike anything they have done before," Justin Paquin, Paquin Entertainment Group producer, said in the release.

Tickets aren't on sale yet, but fans can register for pre-sale access at their [website](#).
