Ferocious dinosaurs come to London as part of roarsome Jurassic World exhibition - and tickets are available now

The immersive encounter will be the closest thing visitors can experience to seeing the fierce beasts in real life

They're the most dangerous creatures to have ever roamed the planet - dinosaurs have been a source of fascination for both the young and old for centuries. And now London's ExCeL Centre will see them come to life in our city, as [Jurassic World's jaw-dropping exhibition](#) opens its doors in the UK for the very first time.

Fans of the blockbuster films will be able to see the thrilling beasts up close as they step into a world of discovery inside the ferocious dinosaur's domain. From a life-sized velociraptor to a towering Brachiosaurus, and even the Tyrannosaurus Rex. The dinosaurs are more real than ever before.

Visitors will be able to watch them move, roar and even feed as they come to life in a 20,000 sq ft space. Park rangers will also be on the premises to guide adventurers around the huge Jurassic Park - but they should watch out for the fierce beasts lurking behind every shrub or forest path.

In addition to experiencing the world inspired by the beloved films, exhibition guests will be able to pose for one-of-a-kind "Instagram-able" photo moments throughout the event. There will also be an interactive dig site where youngsters can become palaeontologists for the day and scavenge for dinosaur bones and remains.

Jurassic World: The Exhibition is opens at London's ExCeL Centre now

James Cassidy, COO of FKP Scorpio Entertainment UK says: "The entire Jurassic World: The Exhibition experience has been designed to be as immersive as possible for visitors. From the moment our guests walk through the doors, all the sights and sounds of the event will be geared towards fueling the experience of being in the dinosaurs' domain.

"The Jurassic Dominion movie came out quite recently and the entire exhibition has been organised in collaboration with its creative film team, and it will be held in collaboration with Universal studios and NBC. All of our dinosaurs are animatronic so they move and hiss on their own - guests can go up to them and touch them as well as get plenty of selfie opportunities."

What's there to discover?

📺 Bumpy the adorable dinosaur will be making a special appearance at the exhibition

As well as seeing lots of giant species throughout the day, there will be plenty of opportunities for families to interact with incredible baby dinosaurs. This includes “Bumpy” from the hit Netflix series Jurassic World: Camp Cretaceous, which premiered in 2020 and released season 4 in December 2021.

Fans will even have the chance to play Jurassic World Alive – the popular location-based AR mobile game. In the game, dinosaurs are back on Earth and they roam free in our world.

Players can explore their surroundings to find their favourite Jurassic World characters. The app is available to download for free on the App Store and Google Play.

When the exhibition opens, players who visit ExCeL London and open the game on their device can locate an exclusive Jurassic World: The Exhibition incubator, which are capsules that contain valuable resources to use as an in-game reward.

Those who want to relax after walking the perilous path housing Jurassic World's ancient beasts will be able to buy refreshments from a range of food and drink outlets in the ExCeL Centre. There are plenty of restaurants and cafés to choose from.

Film fans will also be able to purchase souvenirs from the full merchandise retail store on site, including t-shirts, stationary and more, as a memory of their incredible experience of visiting the dinosaurs' domain.
